

TORQUAY SCHOOL INVITES YOU TO...

PARENT MATH NIGHT!

Wed January 25, 2016 @ 7pm

Help your child to develop a growth mindset and to build strong number sense! Our new curriculum (September 2016) is significantly different from how most of us learned math; it is more visual and emphasizes understanding rather than just following procedures and rules. Most teachers and parents were not taught this way so education is needed for all of us. Learn about relevant research that helps all of us support our children in learning math. You will be given many activities and ideas that you can do at home, and you will likely learn some new ways of looking at math too!

Please R.S.V.P to: pac.torquay@gmail.com

**LEARN ABOUT:
ways to support
your child in
building number
sense and a
growth mindset**

**Why it's so
important to think
visually in math
and how we
achieve this**

**7:00-8:30 pm at
Torquay School
4413 Torquay Dr**
